

Rapid
90

The electric
stapler for every
office.

The Rapid 90 is the ideal compact electric stapler for your office. It staples up to 20 sheets of paper at a time quickly and automatically. And with its adjustable staple depth, it produces precise staple positioning every time. The unit is front-loaded,

easily, reliably and quickly, so broken fingernails are a thing of the past.

The Rapid 90 is fast, quiet and elegant. Ideal for today's efficient office.

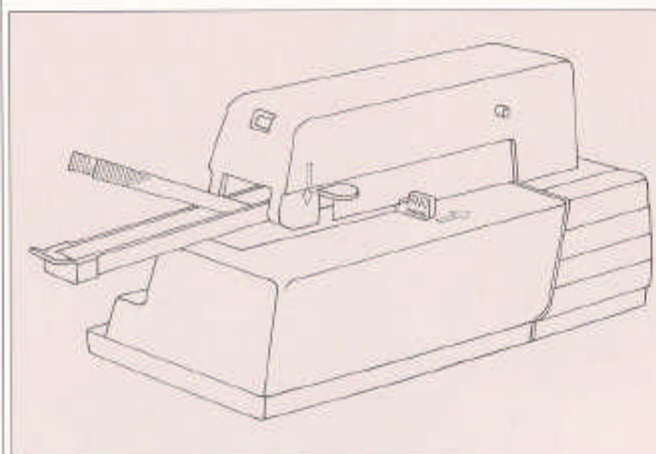

R[®]
Rapid

The Rapid 90 staples quickly and efficiently.

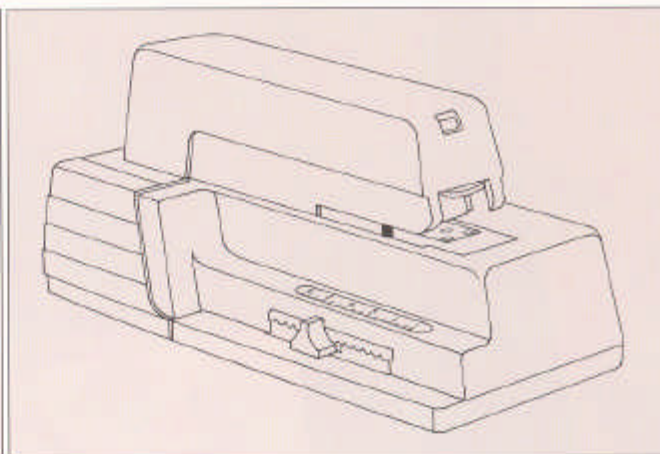

Stapling is needed for everything from letters and checks to invoices, reports and credit card slips.

The Rapid 90 offers these benefits.

Quick, convenient front loading. Safety, because it is impossible to operate the unit with the magazine extended.

Staple depth adjustable up to 60 mm. A movable anvil for normal stapling and for pinning.

- Automatic stapling – so you always have one hand free
- Rapid interference suppression
- Complete with a desk pad for quiet, sturdy stapling.
