BAR 9.1 TRUE WIRELESS SURROUND

9.1 Channel Soundbar System with surround speakers and Dolby Atmos®

Features and Benefits

The Ultimate 3D sound experience

Upgrade your viewing or gaming experience from ordinary to extraordinary. Built-in Dolby Atmos®, DTS:X™ and four up-firing speakers bounce sound up to the ceiling back down to you for an awesome, true 3D sound experience.

Real surround sound in a second

Instantly enjoy a true, cinematic 9.1 surround experience. Simply place the two detachable surround speakers behind you. No extra wires, no extra power connections so no extra hassle.

820W Output power

With 820 Watts of system output power, you'll hear your movies, games and music like never before. Let the immersive, powerful sound take your viewing or gaming experience to the next level.

Thrilling bass

Punchy, precise bass from a mighty 10" wireless subwoofer brings the action to your action movies and the emotion to your music.

Ultra HD 4K Pass-through with Dolby Vision™

Incredible 4K video resolution deserves incredible sound. The JBL Bar 9.1 soundbar makes the ultimate dynamic duo when paired with your TV.

Chromecast and AirPlay 2 built-in

Built-in Wi-Fi and compatibility with Chromecast and Airplay 2 means you can stream all your favorite online music in high clarity with a simple finger tap.

Bluetooth Wireless Streaming

Not in the mood for a film or game? No problem. With the JBL Bar 9.1 soundbar you can also enjoy wireless music streaming via Bluetooth from your mobile or tablet.

Detachable speakers that go anywhere
