### Granulation Test (Retsch AS200 - 100g – 1 minute – Amp setting 60)

	SPECIFICATION	RESULTS (%)
Remaining on US#8	90 % minimum	96.8%
Passing through US#20	2 % maximum	0.2%

	SPECIFICATION	RESULTS
Moisture	12.5% maximum	12.2%
Average Flake Thickness	0.95+/- 0.10mm	0.98mm
Organoleptic	Fresh odour & flavour (Pass)	Pass

## 8.5.19 Certificate Of Analysis – BLYRO Rolled Barley

---

### Allergen Advice:

This product contains gluten as a naturally occurring component of the oats. May contain lupins (while we do not process lupins within our oat milling operation, there is a potential cross contact risk due to potential presence of lupins in the crop rotation).

I, the undersigned, hereby declare that to the best of my knowledge and belief,

- (a) the product described above has been manufactured in accordance with all of the export conditions required by the Department of Agriculture, Water and the Environment and all of the conditions required by the importing country.
- (b) the product has been manufactured to meet with Halal and Kosher requirements and standards and is a Product of Australia.
- (c) the information contained in this declaration is true and complete.
