

# Are you a Liberal? Here's How You Should Vote on Every State Ballot Initiative...

State ballot initiatives are how voters can immediately and permanently write new laws in their states. It is one of the greatest powers afforded to voters. Unfortunately, most ballot initiatives are written in "legalese," making them very difficult to understand. Worse yet, many politicians and special interests exploit this by writing initiatives that deliberately mislead voters.

This voter guide is designed to serve as a no-nonsense "Cliff Notes" version of each amendment and the position that would be considered most democratic and progressive. This guide is not a representation of the official Democratic National Committee position, as the DNC has not staked out a position on most of these amendments. When the state or national party has taken a position, we have taken the same one.

In the overwhelming majority of state ballot initiatives, where the DNC has not taken an official position, we have done our best to triangulate the most progressive position by evaluating the motives of each side, the monied interest(s) behind them, and the general principles espoused in the initiative. Most of the time, one side is the clear winner. When an initiative is likely to have a mixed impact, we have done our best to indicate that in the explanation.

## Oklahoma

- \* NO**    **State Question 793**  
Make it easier for big corporations like Costco and Wal-Mart to drive local optometrists and small business owners out of business
- \* NO**    **State Question 794**  
Removes the presumption of innocence for accused criminals, making it harder to get a fair trial
- \* NO**    **State Question 798**  
Robs voters of ability to vote on governor and Lt. governor separately, reduces checks and balances
- \* NO**    **State Question 800**  
Incomplete and sloppy attempt to stabilize the education budget—leaves too many unanswered questions
- \* NO**    **State Question 801**  
Diverts funds earmarked for school construction to pay school operating expenses—band-aid solution that will create bigger problems down the line and reduce quality of schools long term
