

MAKE YOUR OWN BUBBLES

Ingredients:

50ml - washing-up liquid
300ml - water
1tbsp - glycerine

Instructions:

1. Put the washing-up liquid into a container.
2. Slowly add in the water. Be careful not to create too many bubbles at this stage.
3. Gently stir the mixture together to combine.
4. If you can, let the bubble mixture rest before using it, as it will make your bubbles even better.
5. When you're ready, dip your bubble wand into the mixture and start blowing bubbles!

Top Tip

Leaving your bubble mixture to rest overnight, or as long as you can, will improve your bubbles.
