LIFELINE SKIN CARE SUMMER WRAP UP

MOLECULAR RENEWAL SERUM

Lifeline is the only skin care with advanced small molecule technology and powerful peptides extracted from non-embryonic human stem cells, fused with nutrients to smooth, hydrate, and lift with lasting anti-aging results.

EYE FIRMING COMPLEX

With advanced stem cell technology, Lifeline Eye Firming Complex is powered by peptides derived from pluripotent non-embryonic human stem cells to dramatically reduce the visible signs of aging. Powerful nutrients are incorporated to soothe, hydrate, tighten and lift.
