Lift up the outer and inner cover. Connect the included \textbf{AC} adapter to the DC port at the back.

Put the inner and outer cover back on, making sure the \textbf{AC} adapter is correctly inserted into the power supply socket.

**Mist Button**

1. 1st press - diffuser begins to work in the continuous mist mode
2. 2nd press - the light will flash twice, and the diffuser changes to intermittent mist mode (30 seconds on and off)
3. 3rd press - turn off the diffuser and the light

**Light Button**

1. Press once to turn on the light and the color will cycle through automatically.
2. Press again to fix on specific color.
3. Press again to enter the candle light mode.
4. Press again to turn off the light.

  - About 430 g

- **Input**
  - AC 100-240 V (50/60 Hz)

- **LED Quantity**
  - About 120 ml

- **Electric Consumption**
  - About 10 W

- **Ultrasonic Frequency**
  - 2.4 MHz

**FAQ**

\textbf{Q:} Why can't I smell anything?
\textbf{A:} The strength of scent from different essential oils may vary. Choose a strong-scented oil and don't put the diffuser near the air conditioner, fan or window.

\textbf{Q:} Can the light be set for one specific color only?
\textbf{A:} Yes. Just press the light button when the light is cycling through to the color you want.

\textbf{Q:} Can I turn the light off and just use the mist?
\textbf{A:} Yes. There are separate buttons for the light and the mist.
