

IMPORTANT NOTICE FOR INSTALLATION OF PRIMED BLACK SOHO CHARCOAL, TRIBECA & CHELSEA DOORS

These doors are designed to feature the beauty of a glazed door enhanced by narrow door components. As such, extra care must be taken to avoid glass breaking during installation:

- 1) Maximum trimming allowed on each door edge is 5mm only.
- 2) Maximum depth allowed to be drilled for lockholes is 58mm only (please see diagram below, not to scale)
- 3) As the pine core will be exposed after trimming, touch up is required paint of RAL 9005 black with glossiness 10-15%
- 4) Due to the weight of the glass, the minimum number of hinges to be used is 3
