

Tom's Tumbler™ Dry Trimmer, Separator and Pollen Extractor Unit Specifications

PVC Units

Tom's Tumbler™ TTT 1600 Hand Crank Table Top Dry Trimmer

This is Tom's original, popular handcrank model, first released in 2013 and updated.

Functions

Dry trimmer/cultivator removes small leaves from flowers gently and efficiently, preserving structure, aroma, and trichomes. System trims dry product only (not for wet trimming unless used with CO2 adapter). Additional MeshNets can be purchased for separating and extraction.

Applications

Processing dried flowers, herbs, cannabis or hops.

Capacity

Process 3/4- 1 pound per 3-5 minute cycle; 1-6 pounds per hour.

Specifications

Furniture-grade PCV frame, food-grade aluminum drums and axle, one MeshNet for trimming, and clear catch bag.

Dimensions

23.5" x 29" x 26"

Features

- Gentle
- Super Quiet
- Fast
- Effective
- Safe
- No electricity needed
- Easy to use
- Minimal maintenance

Ideal for

Small growers who process off-grid or want to save electricity.

Maintenance

Minimal maintenance required. MeshNets are machine washable. Pollen net can be washed by hand with alcohol. Lubricate zippers with beeswax or coconut oil.

Warranty

All parts are covered by warranty for replacement for one year.

Assembly

Some assembly required. Directions included.

Shipping

Ships in one box, 16.2 pounds (28 lbs shipping weight).

Optional Accessories (additional charges apply)

- 1/4" Mesh net for separating
- Pollen net
- Dust Cover

Product Number: TTT1600-HC UPC: 680168932780

Tom's Tumbler™ TTT 1600 Dry Trimmer, Separator and Pollen Extraction System

The TTT 1600 Tabletop System is perfect for small home growers and processors.

Functions

Dry trimmer/separator removes small leaves from flowers gently and efficiently, preserving structure, aroma, and trichomes. System trims, separates and extracts pollen with interchangeable MeshNets.

Applications

Processing dried flowers, herbs, cannabis or hops.

Capacity

Process 3/4 - 1 pound per 3-5 minute cycle; 1-6 pounds per hour.
