and 40mm Backset options.**

# TECHNICAL INFORMATION

## LK 1800 SERIES

**▲ APPLICATIONS**  
Double or single action,  
centre hung or offset pivot,  
aluminium or steel doors.

**▲ DIMENSIONS**  
195mm x 25mm x 41mm for the  
25mm backset model.  
195mm x 25mm x 46mm for the  
30mm backset model.  
195mm x 25mm x 51mm for the  
40mm backset model.

**▲ FINISHES**  
Steel case and mechanism zinc  
plated for resistance to  
corrosion.

**▲ LOCK BOLT**  
Five ply laminated steel bolt with  
concealed hardened steel  
roller pin resists hacksaw  
attacks. 13mm x 20mm bolt  
throw.

**▲ FACEPLATES**  
Natural satin silver anodised.  
available in flat or radius profile  
also radius face with woolpile.

**▲ FIXING**  
Locks can be secured in place  
using 33mm mounting bridges,  
manufactured from zinc plated  
steel.

**▲ CYLINDERS &  
ESCUTCHEONS**  
Accepts standard 17mm  
europrofile cylinders.  
Escutcheons available in natural  
silver anodised, dark bronze or  
mill finish for customers own  
treatment. Designed for M5  
fixings, not supplied.

The Axim 1800 Series of locks, designed for narrow stile hollow metal doors, provide the market with quality products at an affordable price.
