Using the Product to Charge Devices

How to Charge Type-C Laptops with the Charger

- Use a good quality Type-C to Type-C charging cable which supports 65W charging.
- Plug one end of the Type-C to Type-C cable into the charger's Type-C port and the other end into the Type-C port of your laptop.
- Your laptop will start getting charged.

Dual Pins Instructions

This charger has Indian Pins by default.

Slide the detachable plug upwards to use the US Pins.

Notice

To prolong the product life, please follow the instructions given below:

1. DO NOT disassemble or modify this product.
2. DO NOT expose it to moisture, water or fire to avoid short circuits or current leakage.
