PROJAM™ Parts List

#	Part	Description	Quantity
1		Backboard and Hoop	1
2		Fibreglass Rod Connector	4
3		Fibreglass Rod End	4
4		High Mount Cross Bracket	1
5		Basketball	1
6		Ball Pump	1

Setup

High Mount

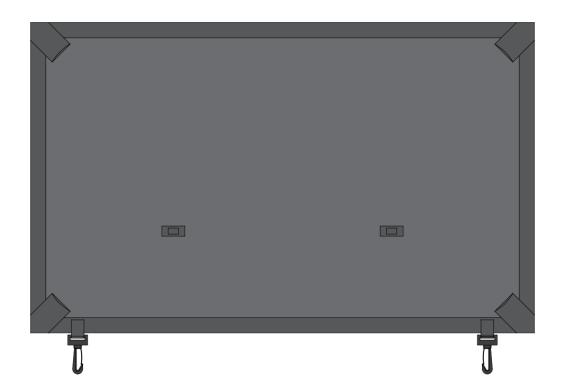

Ideal for big jumpers and big air slam dunks!

High Mount Assembly Instructions

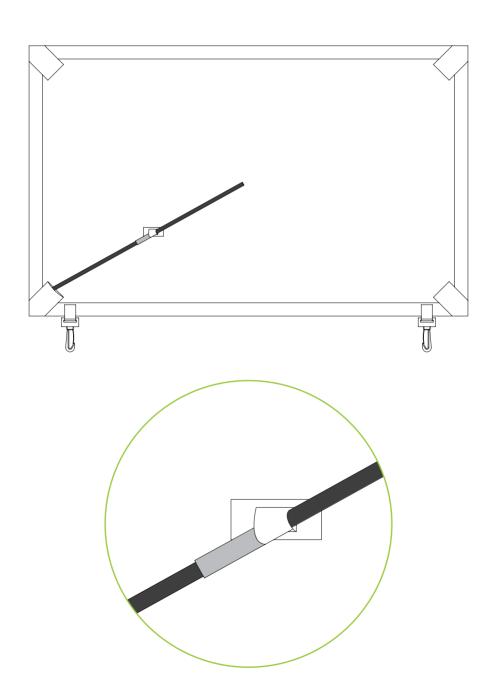

Lay the **Backboard and Hoop (1)** face down.

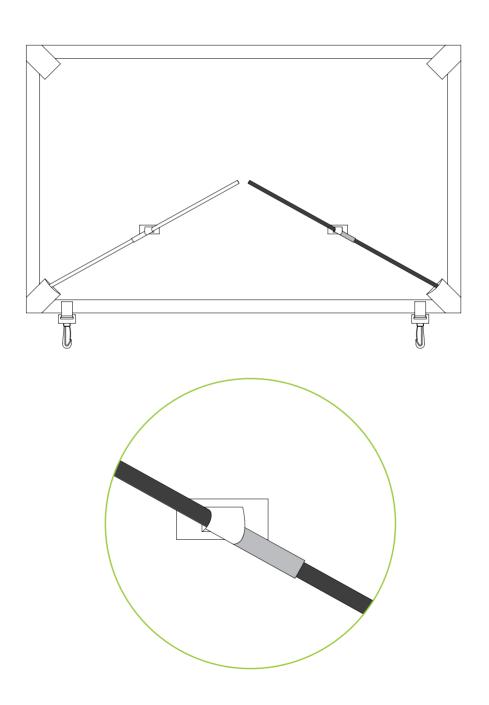

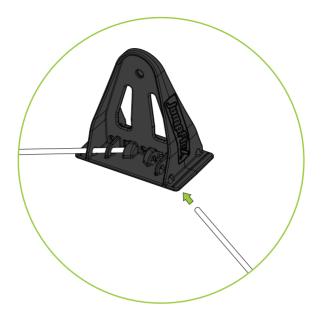

Thread one connected fibreglass rod assembly through the webbing loop on the backboard and into the bottom corner pocket.

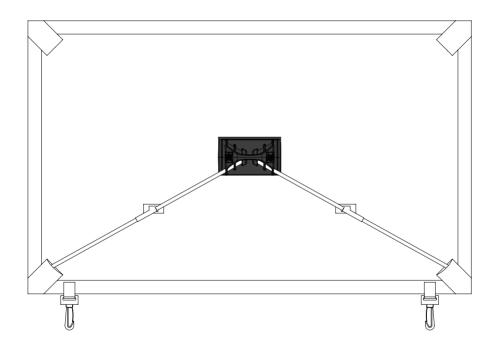

Repeat step 03 on the other side.

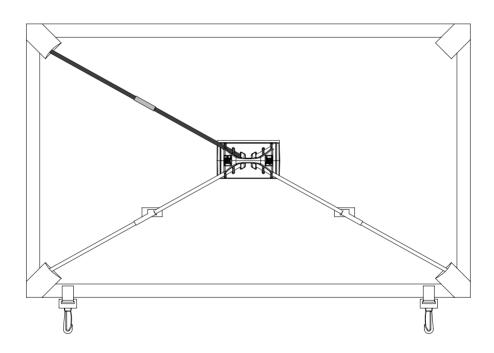

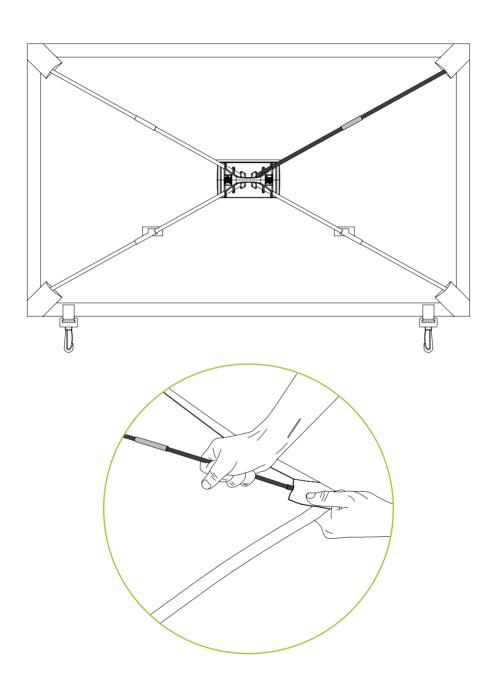

Insert each end of the fibreglass rods into the **High Mount Cross Bracket (4)** as shown.

Thread another fibreglass rod assembly into the **High Mount Cross Bracket (4)** and insert the other end into the corner pocket.

Repeat step 6 on the other side.

 Pull the corner of the backboard away
from the center and pre-bend the fibreglass rod to create enough space to insert the rod into the corner pocket.

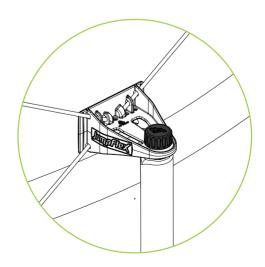

Attaching to your Jumpflex® Trampoline

Select any of the enclosure net poles on your Jumpflex® Hero Series Trampoline where you would like to position the PROJAM™. Remove the top screw cap on the selected net pole, place the assembled **High Mount Cross Bracket (5)** over the thread and re-screw the top screw cap in place.

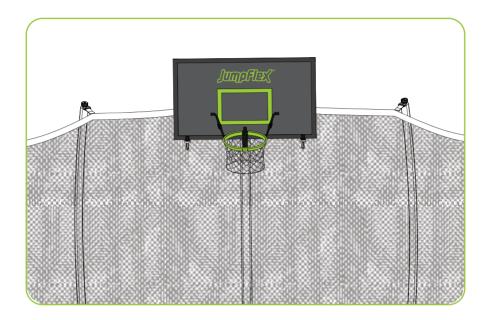

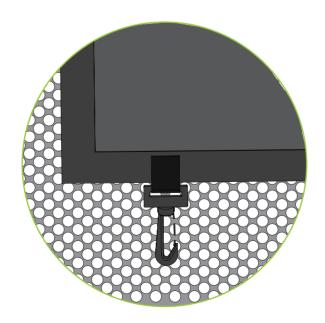

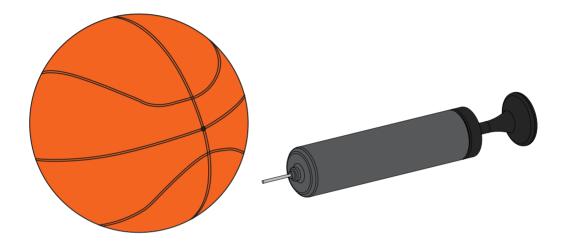

Clip the backboard carabiners through the safety net to secure the bottom corners in place.

Adjust the hoop straps to ensure the hoop is sitting horizontally.

Use the provided **Ball Pump (9)** to inflate the **Basketball (8)**.

Enjoy!
