# SEA STRIKER

Sea Striker was founded over 50 years ago out of a need to bring serious anglers fish-catching products they could count on. Sea Striker's brands include: Sea Striker, Billfisher, Krok, Beach Runner, GOT-CHA, and Nungesser.

The Sea Striker story is one of humble beginnings and impressive success rooted in decades of hard work. Sea Striker was started from a need to supply anglers with products they could rely on day in and day out.

For many years we have supplied anglers with the tools to catch more fish and today Sea Striker is known worldwide for top-quality products. From lures and rigs, terminal tackle and swivels, line, rod and reel combos to tools and fishing accessories, Sea Striker has you covered. We design and build our products to meet our stringent specifications and quality standards so that you can count on them in every situation.

If you are looking for the top-selling and performing products in saltwater fishing, Sea Striker has everything you need.

**THE PLANER** takes your lure down deep without heavy sinkers. While in trolling position, the planer runs at 45° angle. When a fish is hooked, it returns to the surface. All sizes feature a rugged stainless steel blade and large brass ring to assure a clean trip. Sizes 1, 2, and 3 are packaged in bag with header. Suitable for pegboard or bulk display. Other sizes to be hung by ring or displayed bulk. Models 4 and 5 are also available braced. Deluxe planer is approximately 10" long with a brace running across the bottom, tying the planer wire and blade together. This keeps your planer in tune and running straight.

## DOWNRIGGER LEAD WEIGHTS

Downrigger balls have two eyes for fins or cable attachment. The underside of the ball is flat to prevent it from rolling around.

The 4 lb weight will make a good item for the live bait king mackerel fisherman who uses the downrigger as a release set-up.

ITEM	DESCRIPTION	U/M	PACK

CDW6	6 lb - Downrigger Ball	EA	1
CDW8	8 lb - Downrigger Ball	EA	1
CDW10	10 lb - Downrigger Ball	EA	1

## HI-SPEED PLANER KIT

The wise man's downrigger. More effective for high-speed trolling than a downrigger. Attaches to the cleat and runs off its own independent line. The line from the rod separates from the planer, allowing the angler to fight the fish freely. Unlike the conventional downrigger, you don't have to retrieve it each time you hook a fish. Planer line is 300 lb. test mono, 36' in length. Packaged in a nylon lure bag. Our high-speed planer can be trolled at much higher speeds than other models.

# CONTOUR®

## Inshore Rods

Sensitive and strong, these Contour® inshore rods feature an XT7 graphite blank with through handle construction. The fast taper actions contribute to longer casts and angler sensitivity yet provide plenty of backbone for hook setting and powerful battles. Only the best components are used including grade "A" cork for the butt and fore grips and Fuji® guides. Premium graphite reel seats feature stainless steel hoods. Convenient hook keeper on all models.
