

CPACK LTD

TECHNOLOGY IN MOTION

CP3030 L-SEALER

Features

- Stainless Steel Construction
- Impulse Heating System
- Digital Timer with Buzzer
- Adjustable Film Table
- Single-Phase Power
- 300mm Square Seal Area

The CPack CP3030LS is our hygienically minded, table-top sealing solution. Stainless Steel construction means the machine is ready for food use. With a digital timer, all guesswork is taken out of the sealing process, resulting in a simple to use machine requiring minimal operator training. By using an impulse heating system, the CP3030LS doesn't need to use blind sets like conventional L-Sealers, saving you money on consumables.

By using an impulse heating system, the CP3030LS L-Sealer doesn't need to use blind sets like other conventional L-Sealers, saving you money on consumables.
