CPS500 L-SEALER

Features:

- 500mm sealing area
- Electromagnetic impulse heating system
- Suitable for Adjustable film roll
- Variable height sealing table
- Spring-loaded sealing edges
- Stainless steel or Powder-coated finish
- No blind set requires
- Plug & Play
- 13a UK Plug as standard
- Smart heating system for energy efficiency
- Optional belt discharge unit
- Ergonomically designed

Description

The CPS500 L-Sealer is a great option for packaging jobs that require a film seal. The L-Sealer is simple to operate and is suitable for food and non-food applications. The CPS500 requires minimal training to be used effectively. Electro-magnetic sealing reduces operator actions and RSI injury with a perfect seal every time. The machine is fully adjustable to your product requirements, with a movable film and in-feed table, height adjustable sealing table and programmable sealing time.
