## MODEL MAJOR

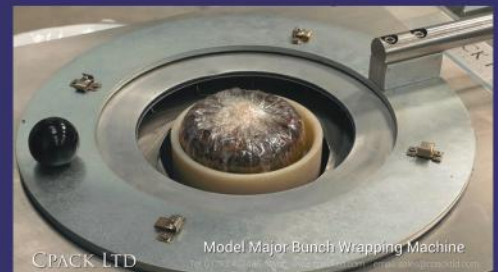

### Features

- Stainless steel frame and panels
- Quick changeover product plates
- Up to 500 products per hour
- Can be used with multiple products
- Provides a bunch wrap finish

The **Model Major** provides your products with added sales appeal with a smart bunch wrap and an eye catching pleat wrap finish. It is ideal for Christmas puddings, cakes, biscuits, pies and all other round products. Every Model Major can be used by a single operator to bunch wrap up to 500 products an hour. This machine also comes with a set of change parts that can be changed over in as little as 2 minutes giving you more time wrapping your products when there is a need to swap parts.

The machine can be used to wrap a variation of sizes of products with one machine.
