Cpack's **SS3000** Sandwich Sealing Machine is a one-stop solution to sealing sandwich wedges of all sizes into plastic trays. In recent years triangular boxed sandwiches have become a staple of a day's lunch breaks and our sandwich sealing machine can help your packaging of these tasty meals by packaging up to 60 products per minute with a perfect seal on every sandwich ready for display at the point of sale.

Cpack have designed and improved the **SS3000** Sandwich Sealing Machine for new and existing clients with a new heated roller system improving temperature control, allowing roller changeovers to be performed by any trained operator and eliminating unnecessary downtime.
