

## **LifeSupply and Rest-A-Desk Form Strategic Partnership to Offer Fully Reclinable Computer Workstations to Canadian Consumers**

~LifeSupply's online retail platform empowers Canadians with convenient access to an innovative, ergonomic and pain reducing solution for computer users~

**Vancouver, BC, and Scottsdale, AZ**, July 31, 2018 – LifeSupply, Canada's leading online retailer of home medical products, and Rest-A-Desk, LLC, today announced a strategic partnership to make fully reclinable computer work stations available in Canada.

Through this partnership, LifeSupply's online retail platform (lifesupply.ca) will provide Canadians with secure and convenient access to Rest-A-Desk™ fully-reclinable computer workstations. LifeSupply.ca is a virtual store where shoppers create accounts, place orders, and conduct secure transactions, anywhere, anytime and on the go.

Medical research shows that reclining reduces musculoskeletal strain. Rest-A-Desk's patented design lets you position the separate monitor and keyboard platforms wherever your computing position completely relaxes your neck, arms, shoulders, and back.

"We are thrilled to partner with Rest-A-Desk to offer Canadians an innovative solution on pain reduction and prevention", said Ben Hastibakhsh, VP of Business development. "Our online platform amalgamates intuitive navigation tools, instant interactions, and secure transactions, as we take the shopping experience to savvy consumers who appreciate quality wellness products."

"Thomas Jefferson wrote, 'The art of life is the art of avoiding pain,'" said Dr. Jeff Gauer, Rest-A-Desk's inventor. "We are thrilled to partner with LifeSupply so that Canadians can use their computer painlessly from the comfort of their recliner or bed."
