

Press release from Electrocompaniet, April 2020:

Introducing the ECI 6 DX MKII Integrated Amplifier, DAC/Streamer

The Electrocompaniet ECI 6 DX MKII Integrated Amplifier is the latest product release from Electrocompaniet, continuing the upgrade of all our Classic Line products.

It incorporates state-of-the-art electronics and like other Electrocompaniet products, it uses the highest quality discrete components through the whole signal path.

The ECI 6 DX MKII combines a best-in-class feature set with cutting edge audio technology and true Electrocompaniet sound. This single unit is able to play whichever, wherever and whatever audio source you may have, and makes it sound like music was meant to be.

The ECI 6 DX MKII follows the design upgrade of the MKII products, with a brand new chassis and frontplate design in line with all other MKII products.

The built-in streamer is extremely powerful, flexible and easy to use. It can play directly from music services such as Tidal, Qobuz and Spotify, can be fed music through AirPlay or DLNA, and it can even index and play from your own music collection stored in your network. The powerful hardware ensures that all popular formats are supported (including DSD) and that continuous software upgrades can support the latest and greatest streaming services.

The ECI 6 DX MKII can be operated by the intuitive iOS & Android application, the universal webinterface, or with the straightforward IR remote control.

Electrocompaniet - Our 47 years of legendary Hi-Fi products from Norway gives us a unique perspective. Electrocompaniet was established in 1973, and we are the leading Norwegian manufacturer of high quality Hi-Fi equipment. Our products are loved by professionals, audiophiles, press and musicians alike, and once experienced, the sound of Electrocompaniet says it all. Our product range consists of CD-players, DACs, amplifiers and speakers available on both the High-End Classic line and Lifestyle EC Living line. Electrocompaniet products are made in Norway and sold by authorized distributors and dealers in more than 50 countries.

See technical specifications for products attached.
