

ELECTROCOMPANIET

If music really matters™

EMC 1 MKV

REFERENCE CD PLAYER

TECHNICAL SPECIFICATIONS

- **Output level:** (unbalanced) 2.3Vrms
(balanced) 4.6Vrms
- **Noise floor:** < -130dB
- **Frequency deviation:** 0.05dB
- **Channel separation:** > 110 dB
- **THD+N:** <0.003%
- **Dynamic range:** 120 dB
- **Power consumption:** 25 W
- **Power consumption Standby:** 0.5 W

- **Compatible formats:** CD, CD-R, CD-RW
- **Digital outputs:** SPDIF COAX,
SPDIF TOSLINK
- **Control inputs:** RS232, 12V Trigger

- **Dimensions:**
Width 470 mm – 18.5"
Depth 422 mm – 16.6"
Height 118 mm – 4.64"

- **Weight:** 18 kg – 39.6 lbs

2020 Edition!

Since 1998, Electrocompaniet has produced one of the best sounding CD players on the market, the EMC 1 UP. The new EMC 1 MKV builds upon this legacy, and refines by using a new drive unit. The MKV also introduces updated electronics for better sonic performance, new mechanics for more rigid construction and brand new chassis with updated design to be in line with the new MKII edition of our other products.

The player has a high performance sample rate converter, fully balanced D/A converters and discrete analog audio circuitry for excellent performance. It features an unique cancellation system which cancels acoustic / mechanical vibrations, preventing the laser pick-up from receiving unwanted and sonically degrading signals. The audio quality surpasses our own EMC 1 UP, arguably one of the best CD players ever made.
