

**HP-2®/39000**

The HP-2 is the largest selling hand rivet tool in the industry. Known and trusted for durability, quality and performance, the HP-2 is often copied but never equaled. Its square shoulder fulcrum pin of cold-formed heat-treated steel prevents pin rotation that can elongate the engaging holes and cause premature tool failure in imitation tools. Other quality features include: precision die-case, high-strength aluminum alloy body; drop-forged carbon steel upper handle; and thick, cushion-molded vinyl grips for comfort. The HP-2 sets up to $\frac{3}{16}$ " steel rivets and comes with four mounted nosepieces ($\frac{3}{32}$ ", $\frac{1}{8}$ ", $\frac{5}{32}$ " and $\frac{3}{16}$ ") and a service wrench. Refer to the Riveter Capacity Chart on page 19 for specific capabilities. Weight: 1.2lbs.

Hand Rivet Tool Capacity Chart
