

Low Horsepower Chop Saw Wheels – Double Reinforced

METAL

FEATURES

- Aluminum Oxide grain
- High strength phenolic resin bond
- Double external reinforced with high tensile strength fiberglass
- Formulated for low horsepower, portable, electric chop saws

BENEFITS

- Strong, durable, long-lasting grain
- Extended wheel life
- High strength for added safety
- Less operator fatigue
- Less wear on chop saw
- Narrow kerf

APPLICATIONS

- Thin wall tube
- Steel studs
- Thin rebar
- Light-gauge metals
