FURNITURE POLISH & PROTECT N-11

DESCRIPTION

A non-toxic creamy emulsion that cleans, polishes, protects and restores hard surfaces in only one application. Allows the natural beauty of the surface to shine through. Works well on granite and marble countertops. This advanced product replaces wax-based polishes that can build up and yellow; synthetic protectors that artificially darken rubber and vinyl; solvent polishes that can be harmful or fatal if swallowed; and abrasive polishes that can scratch surfaces. Treated surfaces will resist resoiling and fingerprinting far longer than conventional polishes. On stainless steel appliances reduces fingerprints and smudges. Repels dust.

DIRECTIONS

Spray on surface or desired amount onto paper towel or lint free cloth and wipe area.

Adjust dilution rate according to application and severity. Dilute with warm or cold water.

- Occasional Use: Undilute
- Frequent Use: Dilute 1:1 water
- Leather and Vinyl Treatment: Undilute Stainless Steel: Clean well before applying furniture polish. May be reapplied without buildup.

ENVIRONMENT AND HEALTH

- Non-Toxic
- All ingredients are biodegradable
- Biodegrades into harmless natural elements without forming micro-toxins
- Contains no hazardous ingredients as per OSHA regulations
- Free of petroleum distillates, butyl ether, ammonia, chlorine, phosphates, benzene, pine oil or strong acids
- Free of all known or suspected carcinogens
- Gray water safe, septic tank safe, biodegradable without effluent treatment process

ANIMAL RIGHTS

- Cruelty Free
- Contains no animal ingredients
- Has not been tested on animals

PACKAGING

- This product is packaged in plastic that is recyclable and may contain up to 25% recycled plastic materials
- Shipping boxes may contain up to 50% post-consumer waste
