ENZYME STAIN TREATMENT N-17

DESCRIPTION

A special blend of enzymes and detergents breaks down, deodorizes, digests, and liquefies organic matter into their simple natural state. Works on starches, blood, urine, feces, carbohydrates, fats, oils, greases, many wastes, odors, nicotine and grass stains.

DIRECTIONS

Agitate product before applying to energize the enzymes.

Adjust dilution rate according to application and severity. Dilute with warm or cold water

Stains and Severe Odors: Apply directly to odor source or stain after removing encrusted matter and solids. Let stand for 15 to 45 minutes. Scrub with a white rag or soft brush. Blot with white towel. Rinse if desired.

Drains, Bowls & Urinals: Use 4 oz per fixture weekly to eliminate odors and build-ups. Keeps drains free running and odor free.

Laundry Pre-Spotter: Dilute 4 oz / gal water and apply directly to spots and stains 15 to 45 minutes before washing.

Deodorizing Garbage Cans/Dumpsters: Dilute 8 oz / gal water and apply to source of odor.

Pet Stains and Odors: Apply directly to stain and soak into carpet pad. Let stand for 15 to 45 minutes. Scrub with a white rag or soft brush. Blot with a white towel. Rinse if desired.

ENVIRONMENT AND HEALTH

- Non-Toxic
- All ingredients are biodegradable
- Biodegrades into harmless natural elements without forming micro-toxins
- Contains no hazardous ingredients as per OSHA regulations
- Free of petroleum distillates, butyl ether, ammonia, chlorine, phosphates, benzene, pine oil or strong acids
