CITRIC ACID BATHROOM CLEANER N-38

DESCRIPTION

A naturally derived cleaner made from replenishable natural resources. Pleasant smelling, non-fuming, mild acidic cleaner. Rapidly cleans and removes lime & scale deposits, body oils, and soap scum from showers, sinks, ceramic tile, fiberglass, vinyl, porcelain, and stainless steel. Contains the largest amount of natural citric acid possible. Natural clinging saves product waste. Outperforms homemade vinegar cleaners and other naturally derived products.

DIRECTIONS

Apply to surface by sponge or cloth; allow to stand for 2 to 3 minutes, scrub, and rinse.

Can be diluted up to 1:2 water.

Do not allow product to dry.

Avoid contact or use on natural stone or marble.

Do not leave standing on metal, as discoloration may occur.

ENVIRONMENT AND HEALTH

- Non-Toxic
- All ingredients are biodegradable
- Biodegrades into harmless natural elements without forming micro-toxins
- Contains no hazardous ingredients as per OSHA regulations
- Free of petroleum distillates, butyl ether, ammonia, chlorine, phosphates, benzene, pine oil or strong acids
