

Level 2 Glue Pull Repair System +

The most comprehensive glue pull repair system available to body shop technicians. This system includes the powerful Keco shop light and GPR tool cart making this an excellent option for those looking for a complete GPR solution. Finish your repairs with minimal, if any, body filler.

Flat Finish Capability

As you move through the continuum towards a flat finish - a repair requiring no body filler - the Keco Level 2 GPR System provides you with the tools to complete the job. This system contains everything you need to achieve success throughout the entire repair continuum.
