

Certifire Documentation

If you have any requirement to supply Certifire documentation to clients, it's always best to forward a live link direct from Warrington Certification website.

Only a certificate that is still active/live (sometimes an expiry date may be up but Exova could still be working on the renewal) will actually show. Any that have been withdrawn will not show.

If your client is ever in doubt, they can contact Warrington Certification for confirmation.

All of our Certifire certificates can be found on the following live links:

Locks and Latches:

<http://www.warringtoncertification.com/certificates/CF611/4057/CF611%20Eurospec.pdf>

Rack and Pinion Door Closers:

<http://www.warringtoncertification.com/certificates/CF646/4350/CF646%20Eurospec%20Ltd.pdf>

High Efficiency Door Closers:

<http://www.warringtoncertification.com/certificates/CF5087/3112/CF5087%20Eurospec.pdf>

Hinges through APC:

http://www.warringtoncertification.com/certificates/CF339/3279/CF339_Eurospec.pdf
