

Lab Analysis Report (COA)

Product Name	Lavender Essential Oil
Geographical Origin	Bulgaria
Botanical Name	Lavandula angustifolia
CAS Number	8000-28-0
Batch Number	AI-LAEO-139-1018
Parts Used	Flowering tops
Method of Extraction	Steam Distilled
Color and Appearance	Clear, yellow and easy flowing transparent liquid
Odor	Characteristic of lavender
Refractive Index	1.457
Optical Rotation	-0.5
Specific Gravity	0.884
Flash Point	62.22 °C
Manufacturing Month & Year	February 2018
Best Before	36 months from the month of manufacturing
Solubility	Insoluble in water, soluble in alcohol and oils
Storage	Store in cool, dry place, and in dark area in tightly closed and sealed containers
Safety	Kindly refer to the MSDS

Material Safety Data Sheet

1. PRODUCT NAME AND COMPANY IDENTIFICATION

Product Name	Lavender Essential Oil
Product Use	Herbal Oil For Aromatherapy Purpose
Company Name	Flair Essentials
Company Address	Apt 23835, Chynoweth House, Trevisson Park, Truro, TR4 8UN, UK
Date Issued	October 2018
Emergency Telephone Number	+44 1872709388

2. COMPOSITION/INGREDIENT INFORMATION

Essential Oil	100 % by weight
Botanical Name	Lavandula angustifolia

3. HAZARDS IDENTIFICATION

Emergency Overview

Medical Information

Please refer Section 4 below

Routes of Entry/Exposure

Skin, Ingestion.

Potential Health Effects

Skin Contact

Irritation may occur with prolonged or repeated exposure.

Ingestion

Hazardous in case of ingestion. May cause renal effects.

4. FIRST AID MEASURES

Medical conditions generally aggravated by exposure.

Skin

Cover with emollient or pure vegetable oil. Seek medical attention if irritation persists.

Ingestion	Seek medical attention or contact local poison control center immediately. Administer water or milk to dilute if advised by medical expert. Do not induce vomiting. Loosen tight clothing such as a collar, tie, belt or waistband. If the victim is not breathing, perform mouth-to-mouth resuscitation. Remove to fresh air. Seek medical attention if necessary.
-----------	--

5. FIRE FIGHTING MEASURES

Flash Point	62.22 °C
Auto-ignition Temperature	No data available.
Flammability limits in Air transit	None identified.
Extinguishing Media	Carbon Dioxide or Alcohol-resistant foam based
Fire Fighting Procedures	Self-containing breathing apparatus and protective clothing should be worn in fighting large fires involving chemicals. Shutoff all ignition sources. Move contain from fire area if you can do it without risk. Apply cooling water to sides of containers that are exposed to flames until well after fire is out. Use flooding amounts of water as fog. Cool product containers with flooding amounts of water from as far a distance as possible. Avoid breathing vapors keep upwind. As with any containerized or pressurized chemical, in the event of overheating or direct flame contact, evacuate the area to minimize hazard of potential explosion.
Unusual Fire Hazards	Not expected
Hazardous Decomposition Products	Carbon oxides and traces of incompletely burnt carbon oxides and traces of incompletely burnt carbon.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions	Avoid contact with eyes.
Protective Equipment	Refer to section 8.
Emergency Procedure	Avoid uncontrolled releases of this material. Where spills are possible, a comprehensive spill response plan should be developed and implemented.

7. HANDLING AND STORAGE

Handling: Apply good manufacturing practice & industrial hygiene practices, ensuring proper workplace ventilation. Observe good personal hygiene, and do not eat, drink or smoke whilst handling. Avoid eye contact and prolonged skin contact.

Storage: Keep container closed and away from heat and flame sources. Since emptied containers retain product residues, all hazard precautions given in this MSDS must be observed.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering Controls Eyewash Stations; Ventilation Systems; Showers

Eyes	Use proper protection.
Skin	Rubber gloves are not required during handling, but recommended. To prevent prolonged skin contact wear impervious clothing and boots during handling of spills.
Inhalation	Respirator is advised in the absence of proper ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State	Liquid
Color	Clear, yellow and easy flowing transparent liquid
Odor	Characteristic of lavender
Specific Gravity	0.884
Refractive Index	1.457
Flash Point	62.22 °C
Solubility in Water	Insoluble in water, soluble in alcohol and oils

10. STABILITY AND REACTIVITY

Conditions to Avoid

Stability	Stable under normal conditions of use. Keep away from sources of ignition, flame and heat. Avoid hot work and sources of ignition on or near empty containers.
Incompatibility (Materials to Avoid)	Strong oxidizing agents.
Byproducts	Compounds may be formed during combustion.
Hazardous Polymerization	Will Not Occur

Maritime Dangerous Goods Code (IM DG) for transport by sea;
(NON-DANGEROUS GOODS)

Air Transport

Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air.

15. REGULATORY INFORMATION

TSCA	Exempt from TSCA chemical inventory listing requirement.
DSL/NDSL	Exempt from DSL/NDSL chemical inventory listing requirements.
EU Classification	Non-dangerous

16. ADDITIONAL INFORMATION

This information is provided for documentation purposes only.

The complete range of conditions or methods of use are beyond our control therefore we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however, all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof. Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user.

This safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

FLAIR ESSENTIALS

Important Disclaimer:

The entire of information contained in this Certificate of Analysis and Material Safety Data Sheet has been obtained from most current and reliable sources. The information contained herein, is true to the best of the knowledge of Flair Essentials.

No information contained herein should be interpreted as a recommendation to infringe existing patents or violate any laws or regulation. The sole responsibility of the final determination of the suitability of the material lies with the end user(s). All customers who should purchase any products from Flair Essentials are hereby clearly notified that all such products must be used at the customers'/end users' own discretion and only after referencing the full and complete data available herein and all other relevant product-specific technical information. Flair Essentials shall not bear any responsibility for any damages to the property or for any adverse physical effects (including injury or bodily harm) caused due to and by insufficient knowledge and/or the improper use of the product(s). The user(s) of any such product(s) will be wholly and solely responsible for compliance with all laws and abiding by the laid down rules & regulations in regards with the use and applicability of the product(s) and this includes the intellectual property rights of third parties as with any manufacturing process.

Flair Essentials strongly recommends for small lab scale testing for evaluation purposes, prior to full commercial use and/or manufacturing. The information on the website of Flair Essentials is obtained from current and reliable sources however, the same does not represent as to its completeness, fullness, and/or accuracy. No information contained herein should be considered as a advice, suggestion, proposal, or a recommendation by Flair Essentials as for the suitability or the fitness of the product for any use whatsoever.

As the ordinary or otherwise uses of any product is beyond and outside the control of Flair Essentials, there is no representation or warranty, expressed or implied is made as to the effect(s) of such use(s) (including damage or injury) , or the results obtained.

Lab Analysis Report (COA)

Product Name	Bergamot Essential Oil
Geographical Origin	Italy
Botanical Name	Citrus bergamia
CAS Number	8007-75-8
Batch Number	AI-BEEO-19-0918
Parts Used	Fruit peels
Method of Extraction	Cold pressed
Color and Appearance	Clear liquid
Odor	Complex citrus, tangy green, Sweet, fresh
Refractive Index	1.4660 to 1.4670
Specific Gravity	0.8742 to 0.8749
Flash Point	Above 185 °C
Manufacturing Month & Year	September 2018
Best Before	36 months from the month of manufacturing
Solubility	Insoluble in water, soluble in alcohol and oils
Storage	Store in cool, dry place, and in dark area in tightly closed and sealed containers
Safety	Kindly refer to the MSDS

Conditions to Avoid

Stability	Stable under normal conditions of use. Keep away from sources of ignition, flame and heat. Avoid hot work and sources of ignition on or near empty containers.
Incompatibility (Materials to Avoid)	Strong oxidizing agents.
Byproducts	Compounds may be formed during combustion.
Hazardous Polymerization	Will Not Occur

11. TOXICOLOGICAL INFORMATION

Acute Toxicity

Product information This product is safe for its intended use based on formulation; bulk, finished product, and stability testing results; and a long history of safe consumer use.

Chronic Toxicity

Chronic Toxicity No specific information is available.

Target Organ Effects No specific information is available.

12. ECOLOGICAL INFORMATION

Biodegradability Not determined

Aquatic Toxicity Non-toxic

13. DISPOSAL CONSIDERATIONS

Waste Disposal Methods Disposal should be in accordance with all applicable Local, State and Federal regulations. Precautions to be taken in handling and storage. Do not discharge into waterways or sewer systems without proper or Local authorization.

Container Disposal Dispose in a licensed facility. Additionally, disposal should be in accordance with all applicable Local, State and Federal regulations. Precautions to be taken in handling and storage. Pressurized container. Do not puncture or incinerate. Store in cool, dry area away from the sunlight.

Other When product is properly discharged in low concentrations to biological wastewater treatment plants it should not cause any disturbances in the degradation activity of the activated sludge.

14. TRANSPORT INFORMATION

Road and Rail Transport Not classified as Dangerous Goods for transport Road and Rail. NON-DANGEROUS GOODS

Marine Transport

Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IM DG) for transport by sea;
(NON-DANGEROUS GOODS)

Air Transport

Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air.

15. REGULATORY INFORMATION

TSCA

Exempt from TSCA chemical inventory listing requirement.

DSL/NDSL

Exempt from DSL/NDSL chemical inventory listing requirements.

EU Classification

Non-dangerous

16. ADDITIONAL INFORMATION

This information is provided for documentation purposes only.

The complete range of conditions or methods of use are beyond our control therefore we do not assume any responsibility and expressly disclaim any liability for any use of this product. Important Disclaimer:

The entire of information contained in this Certificate of Analysis and Material Safety Data Sheet has been obtained from most current and reliable sources. The information contained herein, is true to the best of the knowledge of Flair Essentials.

No information contained herein should be interpreted as a recommendation to infringe existing patents or violate any laws or regulation. The sole responsibility of the final determination of the suitability of the material lies with the end user(s). All customers who should purchase any products from Flair Essentials are hereby clearly notified that all such products must be used at the customers'/end users' own discretion and only after referencing the full and complete data available herein and all other relevant product-specific technical information. Flair Essentials shall not bear any responsibility for any damages to the property or for any adverse physical effects (including injury or bodily harm) caused due to and by insufficient knowledge and/or the improper use of the product(s). The user(s) of any such product(s) will be wholly and solely responsible for compliance with all laws and abiding by the laid down rules & regulations in regards with the use and applicability of the product(s) and this includes the intellectual property rights of third parties as with any manufacturing process.

Flair Essentials strongly recommends for small lab scale testing for evaluation purposes, prior to full commercial use and/or manufacturing. The information on the website of Flair Essentials is obtained from current and reliable sources however, the same does not represent as to its completeness, fullness, and/or accuracy. No information contained herein should be considered as a advice, suggestion, proposal, or a recommendation by Flair Essentials as for the suitability or the fitness of the product for any use whatsoever.

As the ordinary or otherwise uses of any product is beyond and outside the control of Flair Essentials, there is no representation or warranty, expressed or implied is made as to the effect(s) of such use(s) (including damage or injury) , or the results obtained.

Lab Analysis Report (COA)

Product Name	Tea Tree Essential Oil
Geographical Origin	Australia
Botanical Name	Melaleuca Alternifolia
CAS Number	8022-72-8
Batch Number	AI-TTEO-233-0918
Parts Used	Leaves
Method of Extraction	Steam Distilled
Color and Appearance	Clear with a yellow tinge
Odor	Medicinal, fresh, woody, earthy, herbaceous
Refractive Index	1.471
Optical Rotation	+5
Specific Gravity	0.895
Flash Point	67.77 °C
Manufacturing Month & Year	September 2018
Best Before	36 months from the month of manufacturing
Solubility	Insoluble in water, soluble in alcohol and oils
Storage	Store in cool, dry place, and in dark area in tightly closed and sealed containers
Safety	Kindly refer to the MSDS

Material Safety Data Sheet

1. PRODUCT NAME AND COMPANY IDENTIFICATION

Product Name	Tea Tree Essential Oil
Product Use	Herbal Oil For Aromatherapy Purpose
Company Name	Flair Essentials
Company Address	Apt 23835, Chynoweth House, Trevisson Park, Truro, TR4 8UN, UK
Date Issued	September 18
Emergency Telephone Number	+44 0187270 9388

2. COMPOSITION/INGREDIENT INFORMATION

Essential Oil	100 % by weight
Botanical Name	Melaleuca Alternifolia

3. HAZARDS IDENTIFICATION

Emergency Overview

Medical Information Please refer Section 4 below

Routes of Entry/Exposure Skin, Ingestion.

Potential Health Effects

Skin Contact Irritation may occur with prolonged or repeated exposure.

Ingestion Hazardous in case of ingestion. May cause renal effects.

4. FIRST AID MEASURES

Medical conditions generally aggravated by exposure.

Skin Cover with emollient or pure vegetable oil. Seek medical attention if irritation persists.

Ingestion Seek medical attention or contact local poison control center immediately. Administer water or milk to dilute if advised by medical expert. Do not induce vomiting. Loosen tight clothing such as a collar, tie, belt or

waistband. If the victim is not breathing, perform mouth-to-mouth resuscitation.

Remove to fresh air. Seek medical attention if necessary.

5. FIRE FIGHTING MEASURES

Flash Point	67.77 °C
Auto-ignition Temperature	No data available.
Flammability limits in Air transit	None identified.
Extinguishing Media	Carbon Dioxide or Alcohol-resistant foam based
Fire Fighting Procedures	Self-containing breathing apparatus and protective clothing should be worn in fighting large fires involving chemicals. Shutoff all ignition sources. Move contain from fire area if you can do it without risk. Apply cooling water to sides of containers that are exposed to flames until well after fire is out. Use flooding amounts of water as fog. Cool product containers with flooding amounts of water from as far a distance as possible. Avoid breathing vapors keep upwind. As with any containerized or pressurized chemical, in the event of overheating or direct flame contact, evacuate the area to minimize hazard of potential explosion.
Unusual Fire Hazards	Not expected
Hazardous Decomposition Products	Carbon oxides and traces of incompletely burnt carbon oxides and traces of incompletely burnt carbon.

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions	Avoid contact with eyes.
Protective Equipment	Refer to section 8.
Emergency Procedure	Avoid uncontrolled releases of this material. Where spills are possible, a comprehensive spill response plan should be developed and implemented.

7. HANDLING AND STORAGE

Handling: Apply good manufacturing practice & industrial hygiene practices, ensuring proper workplace ventilation. Observe good personal hygiene, and do not eat, drink or smoke whilst handling. Avoid eye contact and prolonged skin contact.

Storage: Keep container closed and away from heat and flame sources. Since emptied containers retain product residues, all hazard precautions given in this MSDS must be observed.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering Controls Eyewash Stations; Ventilation Systems; Showers

Eyes	Use proper protection.
Skin	Rubber gloves are not required during handling, but recommended. To prevent prolonged skin contact wear impervious clothing and boots during handling of spills.
Inhalation	Respirator is advised in the absence of proper ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Physical State	Liquid
Color	Clear with a yellow tinge
Odor	Medicinal, fresh, woody, earthy, herbaceous
Specific Gravity	0.895
Refractive Index	1.471
Flash Point	67.77 °C
Solubility in Water	Insoluble in water, soluble in alcohol and oils

10. STABILITY AND REACTIVITY

Conditions to Avoid	
Stability	Stable under normal conditions of use. Keep away from sources of ignition, flame and heat. Avoid hot work and sources of ignition on or near empty containers.
Incompatibility (Materials to Avoid)	Strong oxidizing agents.
Byproducts	Compounds may be formed during combustion.
Hazardous Polymerization	Will Not Occur

11. TOXICOLOGICAL INFORMATION

Acute Toxicity

Product information	This product is safe for its intended use based on formulation; bulk, finished product, and stability testing results; and a long history of safe consumer use.
---------------------	---

Chronic Toxicity

Chronic Toxicity	No specific information is available.
------------------	---------------------------------------

Target Organ Effects

No specific information is available.

12. ECOLOGICAL INFORMATION

Biodegradability

Not determined

Aquatic Toxicity

Non-toxic

13. DISPOSAL CONSIDERATIONS

Waste Disposal Methods

Disposal should be in accordance with all applicable Local, State and Federal regulations. Precautions to be taken in handling and storage. Do not discharge into waterways or sewer systems without proper or Local authorization.

Container Disposal

Dispose in a licensed facility. Additionally, disposal should be in accordance with all applicable Local, State and Federal regulations. Precautions to be taken in handling and storage. Pressurized container. Do not puncture or incinerate. Store in cool, dry area away from the sunlight.

Other

When product is properly discharged in low concentrations to biological wastewater treatment plants it should not cause any disturbances in the degradation activity of the activated sludge.

14. TRANSPORT INFORMATION

Road and Rail Transport

Not classified as Dangerous Goods for transport Road and Rail. NON-DANGEROUS GOODS

Marine Transport

Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IM DG) for transport by sea;
(NON-DANGEROUS GOODS)

Air Transport

Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air.

15. REGULATORY INFORMATION

TSCA	Exempt from TSCA chemical inventory listing requirement.
DSL/NDSL	Exempt from DSL/NDSL chemical inventory listing requirements.
EU Classification	Non-dangerous

16. ADDITIONAL INFORMATION

This information is provided for documentation purposes only.

The complete range of conditions or methods of use are beyond our control therefore we do not assume any responsibility and expressly disclaim any liability for any use of this product. Information contained herein is believed to be true and accurate however, all statements or suggestions are made without warranty, expressed or implied, regarding accuracy of the information, the hazards connected with the use of the material or the results to be obtained from the use thereof.

Compliance with all applicable federal, state, and local laws and local regulations remains the responsibility of the user.

This safety sheet cannot cover all possible situations which the user may experience during processing. Each aspect of your operation should be examined to determine if, or where, additional precautions may be necessary. All health and safety information contained in this bulletin should be provided to your employees or customers.

Lab Analysis Report (COA)

Product Name	Orange Essential Oil
Geographical Origin	Brazil
Botanical Name	Citrus Sinensis
CAS Number	8008-57-9
Batch Number	AI-SOEO-224-0818
Parts Used	Peels
Method of Extraction	Cold Pressed
Color and Appearance	Yellow-red through to orange-brown liquid
Odor	Citrus, reminding of orange peel
Refractive Index	1.469
Specific Gravity	0.836
Flash Point	77 °C
Manufacturing Month & Year	August 2018
Best Before	36 months from the month of manufacturing
Solubility	Insoluble in water, soluble in alcohol and oils
Storage	Store in cool, dry place, and in dark area in tightly closed and sealed containers
Safety:	Kindly refer to the MSDS
