If you are a California resident, the shipping and handling charge is inapplicable, provided you supply proof of purchase and contact us at 1-800-280-5424 to obtain instructions. Under California law, if the warranty covers the Red Copper Cookware defect, California residents may alternately return the Red Copper Cookware to the merchant who sold it or to a retail store, which sells similar Red Copper Cookware products. The merchant then may offer a repair, refund the purchase price minus loss of value to the product from the consumer's use, or suggest to the consumer a repair facility independent from the merchant. If these do not provide appropriate relief, the California resident customer can then go to an independent repair facility if service is economically feasible. Telebrands will then pay for service, repair, replacement, or refund for Red Copper Cookware covered by the Lifetime Replacement Guarantee if the amount is reasonable.

This warranty does not cover or apply to damage to the Red Copper Cookware that is the result of misuse, abuse, accident, heating beyond temperatures specified in the Red Copper Cookware instructions, scratches or damage that is merely cosmetic or minor in that it does not significantly affect the performance of the Red Copper Cookware. In addition, the Lifetime Replacement Guarantee expressly excludes incidental and consequential damages of any kind whatsoever. As some states prohibit exclusion or limitation of incidental and consequential damages, this exclusion may not apply to you. While the Red Copper Lifetime Replacement Guarantee provides certain legal rights, other rights, which vary from state to state, may also apply.
