

ADVANCE

Perfumed Hand Soap

Description:

ADVANCE is a liquid hand soap of neutral pH which has been formulated with a combination of mild surfactants, emollients and moisturisers. It is gentle clean and supports healthy skin. It is ideal for use in all washroom facilities at hotels, restaurants, nursing homes, hospitals and other establishments, in order to maintain an optimum level of personal hygiene.

ADVANCE can be dispensed via fixed or mobile foam dispensers.

Directions for use:

Dispense a small amount of ADVANCE onto hands, gently work up a rich lather and rinse with water.

To prevent microbial contamination of the product, close containers immediately after use and do not add or insert any foreign materials or objects.

Consult your Cascade representative for further information.

Safety Information:

- ADVANCE is NOT classified as Hazardous according to the GHS.
- ADVANCE is NOT classified as Dangerous Goods according to ADG Code [7th Ed].
- ADVANCE is NOT classified as a Scheduled Poison according to the SUSMP.

First Aid Information:

For advice in an emergency, contact a Poisons Information Centre New Zealand 0800 764 766 or a doctor at once. If swallowed do NOT induce vomiting. Wash out mouth thoroughly with water. If in eyes, hold eyelids apart and flood with water for at least 15 minutes. Seek immediate medical attention. If on skin, remove contaminated clothing and wash affected area with water. Seek medical attention if irritation occurs.
