

ENVIRO DEGREASER

General Purpose Cleaner

Description

Enviro Degreaser is a formulated combination of wetting agents, emulsifiers and performance fluids, designed to give an effective, environmentally safe degreasing system. Fast break emulsifiers make this product ideal for industrial situations where a grease trap is employed and effluent must be controlled.

Chemical & Physical Properties

• Appearance:	Orange Clear Liquid
• Specific Gravity:	1.06
• Flammability :	Non Flammable
• Solubility in Water:	Soluble
• pH:	100%: 9

Application & Method Of Use

Application:

- ⊕ Automotive, motorcycle and all mechanical degreasing, industrial equipment degreasing, removal of heavy grease and oil, contaminated concrete floors, a solvent in ultrasonic cleaning machines, etc.
- ⊕ The product can be used either for spray, brush on application or in a tank for soak cleaning.

Method of Use:

- **Spray or Brush On**

Enviro Degreaser is applied liberally to parts to be cleaned and allowed to stand for about five (5) minutes. The article is then hosed down with a strong jet of water.

- **Tank Application**

The article is allowed to soak for at least fifteen (15) minutes (overnight can be an advantage). It is then removed, drained and hosed off with a jet of water. Avoid adding water to the soak tank from the hose and cover with a rain-proof lid if the tank is sited in the open. Some water intake is tolerated but too much will spoil the product's cleaning characteristics.

- **Concrete Cleaning**

- Apply to concrete - allow two (2) to three (3) minutes to soak in.
- Scrub with a yard broom or other stiff brush.
- Hose down with water.

ENVIRO DEGREASER

General Purpose Cleaner

Dilution Ratio

Applications:	Dilutions:
Removing grease and oil from - Bitumen	1:10
Removing grease and oil from - Concrete	1:5
Applications:	Dilutions:
Removing grease and oil from Bitumen or Concrete in extreme cases	1:2
Carpet cleaning – spots	1:20
Carpet cleaning through machine	1:30
Car washing - external through pressure spray	1:60
Chrome and steel	1:20
Floors - daily	1:60
Glass cleaner - spray and wipe	1:100
Kitchen equipment – loose items soak	1:20
Kitchen equipment – wipe on, wipe off	1:40
Kitchen equipment – baked and burnt pans - soak	1:1
Marine – hulls and decks	1:10
Marine – bilges – oil and grease	1:5
Metal degreasing – Heavy	1:4
Metal degreasing – Light	1:20
Roofs/pathways	1:20
Showers and baths – spray and wipe	1:20
Upholstery – spot cleaning	1:10
Upholstery – general	1:30
Walls – Ingrained dirt	1:10
Walls – light dirt	1:40
Walls – fire smoke	1:10
Walls – cigarette smoke	1:30
Walls - Extreme cases – quality paint only	1:5
Water blasting/steam cleaning	1:60

Precautions

Refer to Hazard Identification as per Safety Data Sheet.
