

# SAFE TOUCH

## An Oleic Based Antibacterial Liquid Soap

### Description:

Safe Touch C51 Anti-Bacterial Hand Soap is a colour-free & fragrance-free liquid hand soap specifically formulated for use in food production premises. It is highly effective where a wide range of users create high bacterial risks. Safe Touch C51 produces a smooth, soft and creamy lather that cleans hands well and keeps them moist and supple. It is a powerful cleaner, yet soft on the hands. It also has skin conditioning properties.

Safe Touch is a scientifically prepared anti-bacterial hand soap formulation containing a coconut oil derivative to soften, prevent chapping and drying out of hands.

### Directions for use:

Wet hands then apply 2ml directly onto hands from dispenser or plunger pack. Lather well and rinse off. Repeat if required.

### MPI Approved C51 [All animal product except dairy]

After using this product, rinse hands thoroughly with potable water.

### Safety Information:

- If poisoning occurs contact a doctor or Poisons Information Centre. Phone New Zealand 0800 764 766.
- If aspirated into the lungs, remove from exposure.
- If swallowed, do NOT induce vomiting, give water to drink and seek medical attention.
- If in eyes, hold eyes open, and flood for at least 15 minutes and see a doctor.
- If skin or hair contact occurs, remove contaminated clothing and wash skin thoroughly with water.
