

YOUR NEW ZEALAND MANUFACTURED ORGANIC SOLUTION
TO A CLEAN GREEN ENVIRONMENT

Bio-Zyme Multipurpose

Enzyme based cleaner/sanitiser (see MPI Approvals) | Non Fragrant

An environmentally preferable cleaner, Bio-Zyme Multipurpose is the safer and healthier alternative to toxic cleaners, solvents, caustics and bleaches.

Bio-Zyme Multipurpose cleans floors, walls, benches and all food processing equipment. It cleans more than just visible surfaces, but also cleans and deodorises floor waste pipes and drains. Works very effectively through foaming or fogging application for greater coverage in food processing areas. May be used for cleaning large processing rooms provided the room can be divided into distinct areas. No edible product or packaging may be present in the area during cleaning and there can be no possibility of contamination of product or packaging material as a result of cleaning. When using as sanitiser (see MPI Approvals) contact time 1 minute, then rinse with potable water after application.

Where to use

- Freezing works
- Abattoirs
- Food processing
- Butchery / Bakery
- Kitchen / Food prep

Features & Benefits

- Fully neutralises contaminants as a biodegradable cleaner
- Reduces the number of chemicals used or stored on site
- Environmentally preferable (ECNZ Licenced)
- Safe to use in food and processing areas
 - Leaves no residue
- Non-fragrant
- Cost effective
- Enhances and conditions waste water treatment systems
- Effective against bacteria
 - "In laboratory testing"

Technical Data

- Environmental Choice - ECNZ Licensed
- BioGro Certified
- MPI Approvals cleaner/sanitiser
- Dairy Approved
- Endorsed by NZ WWT manufacturers
- Hill Laboratories tested AOAC Official method 960.09 Germicidal and Detergent Sanitising action of Disinfectants

Safety

- Do not swallow
- Keep out of reach of children
- Avoid contact with eyes
- If eye contact occurs wash out with potable water
