

# MOUNTAIN BREEZE TABLETS

## Concentrated Deodorant Block

### Description:

MOUNTAIN BREEZE TABLETS are evaporating tablets manufactured from pure paradichlorobenzene crystals. They are pleasantly perfumed with a slow release rate, which helps continually deodorise areas where odour control is essential.

**MPI Approved C32** [All animal product except dairy]

### Directions for use:

MOUNTAIN BREEZE TABLETS are suitable for use in lavatories, urinals, sick rooms and all public places. Simply place deodorising tablets in urinal and leave to evaporate. When size of a tablet has reduced to a size which would risk it to go through the grid into the drain, replace with a new tablet. Because MOUNTAIN BREEZE TABLETS are compressed, they are long lasting and do not readily wash away. Consult your Cascade representative for further information

### Safety Information:

MOUNTAIN BREEZE TABLETS are classified as a Hazardous according to the GHS.

MOUNTAIN BREEZE TABLETS are classified as Dangerous Goods according to the ADG Code [7th Ed].

MOUNTAIN BREEZE TABLETS are a Scheduled Poison according the SUSMP.
