FEATURES	BENEFITS
Contains a specialist skin safe solvent	Proven to be mild to the skin and has excellent cleaning properties, even with super heavy contamination.
Contains Eucornol® emulsifying active	Forms micelles that increase skin compatibility by emulsifying and encapsulating substances, helping to reduce their potentially irritating effect.
Contains Astopon® natural scrubbing agent	Astopon® is produced from refined walnut shell powder, a natural and renewable source. It helps provide a deep clean without damaging the skin and has no negative impact on the environment. The scrubbing agent is easily rinsed away, preventing blocked drains and pipes.
Soap-free formulation with skin friendly pH value	Formulated to maintain the skin's acid mantle; a layer on the surface of the skin which acts to help support the natural bacteria balance.
Silicone-free	Suitable for use in any production sites where paint and surface coating processes are undertaken.
Compatible with rubber production processes	Independently tested at the German Institute of Rubber Technology (DIK) and proven to have no negative effect on the vulcanisation process.
