WINEMAKING NOTES

The driest growing season for the Estate since records began, resulted in amazingly concentrated and powerful wines across the vineyard. The Chenin was harvested earlier than any previous vintage and provided grapes of intense flavour and luxurious aromatics. Hand harvested from the select 4 rows of the traditional Block 4, whole bunch pressed to tank, settled over night and the juice transferred to 4 French oak puncheons, one of which was new. 8 months of maturation followed by gentle fining and filtering.
