

Great Paint

Technical Data Sheet

Description: Great Paint is a series of quality opaque paints designed to be durable and easy to use. They will adhere to most substrates including wood, stucco, concrete, glass, metal, most plastics, and casting materials. Great Paint is water based and non-hazardous with no VOC's or harsh odor. Great Paint is UV and scratch resistant. No protective coating is required, but one may be applied for extra protection.

Storage: Store in a cool, dry location. Do not allow this material to freeze.

Safety: Use in a well ventilated area. Always wear eye protection, protective clothing, and gloves. A vapor respirator is recommended.

Before Using: Please read, understand, and follow all precautions shown on the product label and on the Safety Data Sheet. Current Safety Data Sheets for Sculpt Nouveau products are online at www.sculptnouveau.com.

- Directions:**
1. Mix well with a paddle mixer on a drill.
 2. *For work on metal:* Clean the metal with Sculpt Nouveau Metal Degreaser using a Scotch-Brite pad, then rinse with water after a few minutes. Sanding or sandblasting is recommended for the best adhesion. Cleaning or recleaning the surface is mandatory after sanding or handling with bare hands.
For work on a non-metallic surface: Ensure that the surface is clean from debris or other contaminants. **DO NOT** use acetone or any other solvent based cleaners.
 3. Great Paint is most commonly rolled, brushed, or sprayed. An HVLP sprayer with a 1.4-1.6 tip at 40-60 psi is recommended. Strain before spraying to avoid clogs. Two coats are recommended with a 1 hour cure time between coats. If needed, thin up to 20% with distilled water or Sculpt Nouveau Great Paint Thinner.
 4. Clean up using water.

Technical Data:

Physical State:	Opaque color of purchase
Coverage:	Approx. 200 sq. ft. per gallon
VOC:	Not applicable
Flammability Limits:	Not flammable
Thinners:	Distilled water ($\leq 20\%$) or Great Paint Thinner ($\leq 20\%$)
Average Dry/Recoat Time:	1 hour
Handling:	Mix well with a mechanical mixer
Storage:	Do not freeze
