Our mission is to provide a quality music education to all children by providing excellent curriculum materials that schools can afford. Themes & Variations was started in Denise Gagne’s family room in 1995, and since our founding, we have been innovators in music education. We were the first Canadian curriculum with CD recordings, the first North American publisher to include PowerPoints or Projectable PDFs with products, and the first Canadian online curriculum resource. We’ve been nominated for a Western Canadian Music Award, won the Telus Business Challenge in 2014, and won the Canadian College of Teachers Award for project of the year. Denise travels the world offering workshops for PreK to Grade 6 music teachers. We continue to innovate with the creation of the MusicplayOnline curriculum that is used worldwide by more than 6,000 schools!
MusicplayOnline combines all the materials from the Musicplay PreK-6 curriculum and organizes them in one easy-to-navigate online tool! MusicplayOnline is so much more than a song database. It's an amazing resource that includes tools and activities to engage your students in music making, exploring, playing, and creating.

**Workshops**

Workshops with Denise Gagne and authors from our team can provide your district with quality professional development. Workshops are available for PreK-6 Music Educators and for Early Childhood Educators. Our team of presenters includes:

- Denise Gagne
- Dan Fee
- Jeanette Shorey
- Joyce Holoboff
- Christie Noble and Tracy Stener
- Betty Radford (Handbells)

**Assessment Made Easy:** Includes quick practical ideas, I Can statements and rubrics for assessment of skills, concepts, creating and ensemble playing in the elementary music classroom.

**Beginning Ukulele Tips and Tricks:** Includes strategies to help with tuning, class management, and differentiation. We’ll share a sequence of both folk songs and pop songs that has been successful in many classrooms!

**Bucket Drumming and Boomwhackers:** In this session, you’ll have fun drumming and making music with Boomwhackers and Bucket Drums. A sequential process to teach Gr. 1-5 students music reading skills will be shared. You’ll play with and sing with pop music and music in many styles.

**Centers in the Music Room:** Centers can be a great way to use play based learning and collaborative learning in your music classroom. In this session, you’ll learn strategies to help make centers a success, and you’ll get many ideas for centers in your PreK-Grade 6 music classes.

**Choral Music and Rounds:** Purchasing octavos for your choir or classroom is often impossible! In this session, you’ll sing through wonderful choral selections for elementary choirs that are available in more affordable formats.

**Let’s Sing! Vocal Warmups and Energizers:** In this session you’ll learn to use props, puppets and games to help develop the child’s singing voice. Activities in this session will include ways to develop the young child’s voice (Melody the Elephant, One Green Jellybean), and great energizers, warmups and rounds for young choirs.

**Listening Fun:** Includes active listening strategies such as play alongs, dramatizations, props, movement and cup games to engage the student, and the critical analysis process to help them better understand and respond to music.

**Literacy and Music:** Fingerplays, chants and action songs help young children learn language, build vocabulary and fluency, and are really engaging for children. You’ll learn many fun poems, chants, and songs, and will also learn how to use music to enhance children’s literature.

**Music and Movement in Early Childhood:** learn songs, movement, and activities to teach musical concepts.

**Recorder for Beginners and Beyond:** Do you love teaching recorder or does it just give you a big headache? In this session, we’ll make great music with recorders - with no headaches! Presenters will share tips and tricks that helped their students become amazing recorder players.

**Rhythm Activities and Games:** Beat and rhythm is the core of all musical ensembles. This session includes many games and activities to develop steady beat and rhythm reading.

**Rhythm Instrument Fun:** Rhythm instruments are fun to play - and some are easy to make! Use instruments to create sound effects, percussion pieces, explore concepts and help develop listening skills. Play along with classical and pop music, improvise and create your own compositions. This session will give you many ideas for using non-pitched percussion with your PreK - Grade 6 students.

**Rocking Music Reading:** Tired of worksheets to practice naming notes? Turning music reading into fun and games will help improve your students’ sight reading and sight singing abilities. These are engaging lessons for students!

**Singing Games --- and so much more!** Children everywhere love singing games. Teach rhythm and melody reading using your students’ favorite games! You’ll also teach social skills, multicultural music, and more through games! In this session, you’ll participate, play games and have fun learning about music. Sessions can be for PreK-2, Gr. 3-6, or K-6.

**Storybooks to Sing, Play, Create:** We’ll have fun bringing stories to life using songs, sound effects, instruments, and dramatization. We’ll create accompaniments for children’s favorite story books. These lessons are very engaging for your students and a great way to integrate music and literacy!

**Super Fun Folk Dances:** This session will take you on a trip around the world with folk dances that come from Europe, North America and South America. Folk dances are a wonderful way to teach form and phrasing, not to mention they’re FUN!

**Wiggle While you Learn:** Music is a great way to teach basic skills for early childhood such as letter recognition and sounds, days of the week, months of the year, counting, opposites, body parts, social skills, and more!

**Early Childhood Workshops** are for PreK or Kindergarten teachers, daycare, dayhomes, preschools, early childhood programs or PreK-K music teachers.
