

NO SPILL ANT KILL

Kills Common Household Ants

- Patent Pending, Moist Gel
- Rigid Gel Will Not Spill
- More Ants Can Feed at One Time

Product Size	Box of 6 x .25 oz stations
Package Type	Bait stations
Active Ingredients	Sodium Tetraborate Decahydrate (borax)
Target Pests	Attracts and kills all common household ants (except carpenter ants, fire ants and harvester ants)
Where To Use	<ul style="list-style-type: none"> • For indoor and outdoor use • Indoors: Place stations close to ant trails, such as around sinks, tubs, window sills, under food cabinets, around floor edges and in corners • Outdoors: Place stations near the foundation where ant trails are found entering the home
EPA Classification	EPA registered product
Other Important Information	<ul style="list-style-type: none"> • Unique, patent-pending high moisture rigid gel formula (like gelatin) • Designed to allow worker ants to take the bait back to the nest and deliver it to the rest of the colony • Kills the ants you see and the ants in the nest • Stations will not spill like liquid baits • Ants can walk on the gel bait so more can feed at once without drowning in the bait • Easy-to-use stations are activated by removing the sticker on the bottom • 6 bait stations per box

Green Zone™ Logo: : Our Green Zone logo is used on products that feature plant- or mineral- based active ingredients such as plant oils, borax and silicon dioxide. It is also used on our non-pesticidal traps.
