Qult

Candle holders

It looks like a real candle – and feels like one, too. But this one will last forever! Qult candle holders won't melt in the sun, won't turn yellow, or burn down too quickly. Every candle holder is hand made in Germany from premium wax-like material that stays permanently in shape and size. The interchangeable maxilight tealights sit neatly inside the candle holders and create a zen glow from inside out, radiating warmth as well as giving you the realistic ambiance of a flickering flame. So now you no longer have to worry about melted wax on your table!

Features & benefits

- Translucent body made of heat-resistant plastic.
- UV / crack resistant.
- Use with Maxilight tealight in a clear plastic cup.

Warranty: 12 Months

Fermob

Coordinate your Balad light with our offset stand, perfect for lighting your table from above.

The Balad lamp is sleek and attractive in design. This cordless light looks great on any table, and can also be suspended from its metal handle. Move it anywhere you want: lounge to garden, and from beach to pool.

The offset stand is a wide-angle stand that brings light to the centre of a table full of diners. For the best possible look, we recommend you use this stand with the Balad 38cm

Features & benefits

Balad

- Set to warm or cold white light
- Water resistant
- Shock & UV resistant
- Dimmable
- Three different sizes
- Rechargeable

Offset stand

- Designed for Balad 25 cm and 38 cm

Lola lux 20

Yeelight

The candela LED lamp with its warm yellow light, and elegant design. Rechargeable via USB cable and lasts up to 8 hours.

Warranty: 6 Months

Graypants

The Wick table light combines the romance of a candle with the utility of a flashlight. This portable table lamp is reminiscent of antique candlestick holders, with a traditional shape combined with contemporary finish and functionality.

The combination of classic style and modern-day practicality makes Wick immensely versatile: it is just as at home as a bright reading light on a bedside table as it is on the dining table or windowsill.

Features & benefits

- Touch-sensored control
- 3 brightness settings plus pulse mode
- Warm white LED
- USB-C rechargeable battery (cable included)
- Ergonomic carrying ring
- Recyclable aluminum body

Warranty: 24 Months

Humble lights

The Humble One is the first battery-powered lamp that puts the traditional bulb front and centre. The bulb of this cordless table light glows like any old-school incandescent type, but is made out of tiny and efficient LEDs. Fully charged, it produces up to 40 hours of light.

Under the hood of the Humble One is a clever, modular, battery-powered system in which all components are easily serviceable and replaceable. The bulbs are replaceable as well, giving it an even longer potential life span.

Features & benefits

- 3 light modes - Candle, ambient, and work mode
- Shatterproof bulb
- Wireless
- Splash waterproof (IP43)

Warranty: 24 Months
