CASTECH UV69

MULTIFUNCTIONAL FLATBED PRINTER

Why CASTECH UV69 PRINTER?

The CASTECH UV69 Printer enables mass personalization for corporate gift businesses. A small size UV Flatbed able to print white, colour and varnish all at once on a wide variety of shapes and surfaces. With the White Ink, it can print embossed images, making colour printing patterns come alive. It eliminates the need for screen printing, hence both labour costs and raw materials are greatly reduced.

It also enables the designer more room for creativity - most importantly, printing process is easy, smooth and instantly. The open concept CASTECH UV69 gives you a higher clearance and print directly up to 180mm. With rotary as an optional add-on, it is now possible to customize water bottles to thumb-drives - all with one machine.

Eliminating human error of misjudging the height platen, it is equipped with a sensor to do auto adjustment of height. The double air-cooled UV lamp enhances the printing effect and dries the printing quickly.

Specifications:

Model	CASTECH UV69
