

CASTECH

HEAT PRESS MACHINE WITH STAND

This top-of-the-range heat press come with automatic motorised pressing system that provides high efficiency and excellent pressure control without the need of manual pressing. It also comes with swing away plate for easy loading and unloading of material. The heat press is seated on a five-star castor stand, it would be easier to move around work-space with better stability and balance.

Stable Stand

Safe Operation

Changeable Platen

Motorised Press

Automatic press down with adjustable force up to 360kg and accept Max of 4.5 cm thickness.

Threadable and Interchangeable base

Threadable design allows to drop seams, zipper fronts, and button areas off the press providing a smooth even print surface. Quick interchangeable base enable you to work with different accessories

Swing Away

The swing away feature allow you to load and unload material easier, faster and safer.

Advanced LCD Controller

The advanced controller allow you setup to set temperatue, pressure, timing and standby mode. It also has a counter for the number of job pressed

Specifications:

Model	E - 1NS
Heat Plate	40cm x 50cm
Access Method	Swing Arm
Press Method	Motorised
Controller	LCD Controller
Max. Pressing Force	350kg
Max. Temperature	232°C
Power Requirement	240V, 10A, 2.2KW
Dimension	79cm X 56cm X 52cm
Packing(L*W*H)	92cm X 52.5cm X 60cm
Net Weight	40kg
Gross Weight	57kg
