

10X Faster Throughput

Evolv Express can screen more than 3,600 people per hour. Visitors and employees walk side-by-side or in groups through multi-lane entrances up to eight feet wide

The days of asking fans and employees to place their phones and bags in containers handled by your security guards are over.

Only Evolv Express®

Fast, Efficient Threat Screening: Screens 3,600 people per hour, 10 times faster than metal detectors, for a line-free security experience.

Respectful and Touchless Experience: No stopping. No emptying pockets or removing bags.

Easy to Operate: See in real-time where the potential threat is on a person's body or in their bag, focusing your team's effort only on potential threats.

Flexible Deployment Options: For both indoor and outdoor screening. Easy to set up and move.

Integration & Analytics: Integrate into your broader security infrastructure and use Evolv Insights™ to monitor entrant numbers and alarm rates.
