<b>TYPICAL USAGE GUIDE</b>	Lawnmowers	Drills	Circular Saws	Generators
	Hedge Trimmers	Belt Sanders	Chain Saws	Recipro Saws
	Fans	Routers	Worm Drives	Rotary Hammers
	Household Tools	Table Saws	Grinders	Compressors

# Ten Quality Reasons to Buy Prime

## Prime's Quality Design and Manufacturing Solves Your Extension Cord Problems!

**1. Nickel-Coated Brass Blades**

Prime's full-sized, full-contact nickel-coated 100% brass blades are designed to resist corrosion which prevents arcing, and won't break off or pull out, making them the safest blades possible.

**2. Oversized Plugs & Connectors Won't Deform or Shatter**

Made from a special virgin compound that will not harden, become brittle or shatter, Prime's exclusively designed oversized plugs and connectors are made to withstand the rigors and abuse of even the most demanding jobsites.

**3. Oversized Strain Relief Prevents Plugs from Separating from the Wire**

Built to exceed UL's most stringent safety test requirements, Prime's large, flexible, ribbed strain relief was engineered to prevent the wire from pulling out of the plug, even in the most extreme conditions.

**4. Dual Safety Listings for Added Confidence**

In addition to meeting or exceeding all OSHA requirements, Prime's cords are tested and listed by UL, CSA and/or ETL to meet the safety standards in both the United States and Canada. Prime has cords made for use in extreme environments as well as for standard indoor and outdoor applications.

**5. 100% Electrical Testing Ensures Safety**

Prime conducts over 50 separate safety tests on each cord including continuity, short-circuit, polarity and electrical breakdown (dielectric voltage) to ensure that each cord performs up to UL requirements and is also the safest cord on the market.

**6. Non-Stop Electrical Performance**

Made from precisely drawn and bunched 100% pure copper wire, Prime's full-sized conductors resist electrical failure, even under the hardest use.

**7. Superior Flexibility and Abrasion Resistance**

Prime's cord jacket compound is precisely formulated to provide maximum flexibility while maintaining superior resistance to abuse and abrasion.

**8. Water Resistant & Flame Retardant Cord**

Prime's cords are water resistant and will help prevent moisture failure for safety and long life. Standard vinyl and TPE rubber cords will quickly burn end-to-end. Prime's cords are flame retardant and will extinguish the flame, providing added safety.

**9. Arc-Resistant Female Connectors**

As tools are plugged in and out of the female plug, a small arc can slowly eat away at the metal contacts in the plug. Prime suppresses this problem by using arc-resistant full-sized contacts and precise contact alignment.

**10. Primelight<sup>®</sup>**

Primelight<sup>®</sup> power indicator light lets you see when the power is ON.

# Definition of Symbols in this Catalog

**Product Category Description** - General description of the category of product listed in the subsequent chart (such as “Outdoor Extension Cords”).

**Agency Approvals** - Each flag “icon” indicates that a product has passed that country’s safety standards and is approved for use.

The product has been tested and approved for use in the United States by either UL, CSA or ETL.

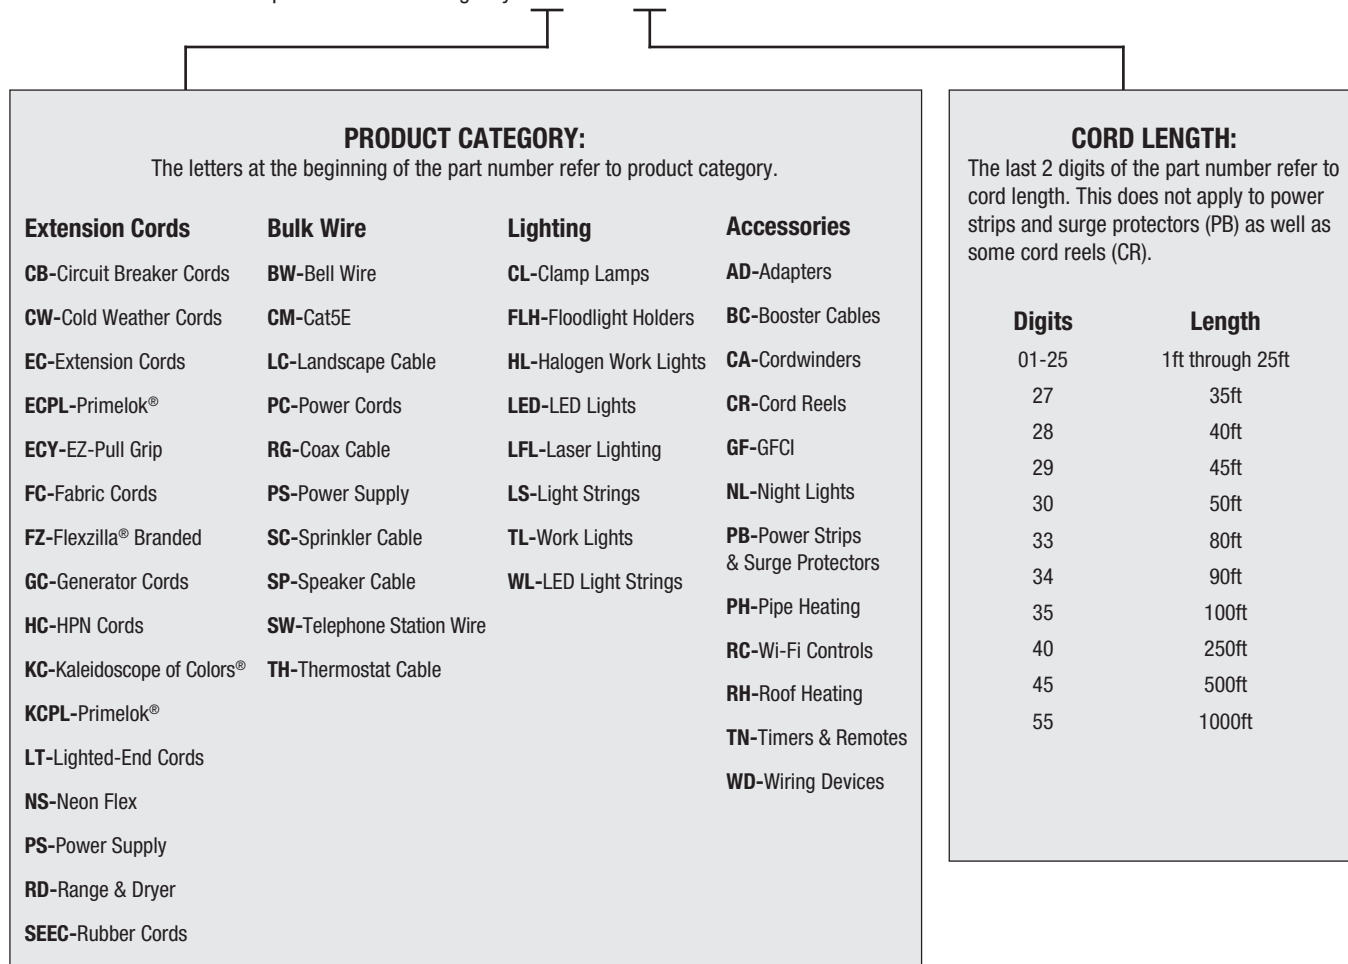

The product has been tested and approved for use in Canada by either UL, CSA or ETL.

The product meets or exceeds OSHA requirements.

**Product Information** - Alphanumeric product number followed by product specific information such as length of cord, gauge, color, packaging, etc.

Product numbers can be interpreted in the following way: **EC500830**

## Miscellaneous Icon/Symbols Key:

New Item

Purchase-to-Order Item

Christmas Item

## Color Abbreviations:

AL = Almond

BU = Blue

GY = Gray

RD = Red

BG = Beige

CL = Clear

OR = Orange

SL = Silver

BK = Black

GN = Green

PK = Pink

WH = White

BN = Brown

GO = Gold

PR = Purple

YW = Yellow

## Terms & Conditions:

Minimum Order: \$500.00

Net 30 days upon credit approval

Freight prepaid on all orders of \$2,500.00 or more within the continental United States or Canada.
