The Rotochix Charcoal Chicken Rotisserie range come in 9 Rods or 12 Rods variants with a capacity of roasting 54 and 72 chickens respectively. Built using high quality, 304 grade stainless steel, Rotochix Chicken Rotisseries

Product description

The Rotochix Charcoal Chicken Rotisserie range come in 9 Rods or 12 Rods variants with a capacity of roasting 54 and 72 chickens respectively. Built using high quality, 304 grade stainless steel, Rotochix Chicken Rotisseries are heavy duty units ideal for a busy establishment. The Rotisseries also feature a storage shelf underneath and have a unique refractory stone base that ensures you have a consistent and efficiently cooked product every time. The base can be made deeper by removing a layer of stones. Three independent chains power each tier.

- Storage cabinet underneath - 3 tiers/4 rods per tier - Refractory stone base - 3 independent chains - 12 rods included - Capacity: 72 chickens - 240V 10A 50Hz

12 ROD CHARCOAL CHICKEN ROTISSERIE 12RODS
