COOKON KAYBEE: KBE-1SB 35L ECONOMY BATTERY OIL FILTER

The economy level filter in the Kaybee range offering the ability to filter all brands of deep fryers on the market. It is recommended that your Kaybee filter has an oil capacity of at least 10 litres greater than the oil capacity of the fryer you are filtering. No manual handling of hot oil saves labour, cuts fryer vat cleaning to a matter of minutes. Filtering becomes fast, efficient, clean and most importantly safe. Filtering prolongs the life of your oil by at least 50%, effectively halving your oil costs via our two stage filtering process.
