

## **Royston 10 LITRE SOUP KETTLE SK10LT**

Heat and display soups, gravies, stews and sauces in this 10 Litre soup kettle.

---

### **Product description**

With a convenient ladle hole, your contents remain protected from nasty elements that might get in were the lid left open. The simple thermostat controls that range from 30°C to 110°C allow you to set different temperatures for different contents: ensuring nothing ever burns or doesn't heat enough. The heat resistant outer casing makes it easier to handle the kettle even when it is turned on or in use.

10 LITRE SOUP KETTLE
