

INSTALLATION INSTRUCTIONS FOR FERRARI 458 CARBON ZONE ENGINE BAY KIT

Thank you for choosing to purchase a Carbonio product. Please take the time to fully read over these instructions before attempting to install the kit. This will greatly speed up the installation process and minimize any difficulties you may encounter.

Tools Required:

- 3mm & 4 mm Allen head (hex) tool
- Flat headed screwdriver
- Torx T20 tool
- 8mm open ended wrench

Included in your Carbon Zone Engine Bay kit are the instruction manuals for the following components:

- Ferrari 458 Airbox
- Ferrari 458 Engine bay panels
- Ferrari 458 Fuel pump covers
- Ferrari 458 Engine bonnet latch cover

For easiest installation please review all of the included instruction manuals and remove the listed components below in the following order BEFORE re-assembly:

Disassembly Order

1. Bonnet latch cover
2. Engine bay panels
3. Airbox
4. Fuel pump covers

Re-installation is best done in the opposite order of the disassembly. Following this order will give you the most room to work with the fewest obstructions.
