

ZUKAN MADE

When printing out this size guide please print it on A4 paper and ensure that it's printed at 100% - no scaling options.

Once printed, make sure the length of the black line at the bottom of the page is 10 cm.

Cut out the strip and wrap it around your finger with the printed side facing up. You'll know your size when a letter lines up with the size line on the big end of the strip.

Place a ring that you currently wear over the circles below so that the black circle touches the inside of your ring, without covering it. If you're not sure, please go up a size or half size (write .5).
