

The Hendrix Sofa

By Uniqwa Collections

Brief:

The Hendrix sofa is the perfect example of luxurious comfort with a modern relaxed style. Each piece is sold individually, giving you the ability to customise the sofa to your exact requirements - both spatially and functionally.

Composed of a solid timber frame and supported with a Black Cat® Cushion Support System, the Hendrix is built for durability and comfort. It's base is paired with a high-density foam seat, wrapped in a segregated feather outer shell and then the whole piece is fitted with a removable and washable linen cover.
